

Authorization Form Satellite Receiver Report Form

For Technical Assistance, please call: **Music Choice Broadcast Operations 646-467-6953**

SYSTEM INFORMATION

System Name: _____ Date: _____
 System Address: _____
 City, State _____ Zip Code _____
 System Main Phone: _____ System Fax: _____
 System Manager: _____ Marketing Contact: _____
 License Fee Contact: _____ Email Address: _____
 # of Basic Subscribers: _____ Proj. Residential Launch Date: _____
 # of Commercial Subscribers: _____ Projected Commercial Launch Date: _____
 Headend Address: _____
 Local Technical Contact(s): _____
 Technical Phone Number: _____ Technical Email Address: _____

- Satellite encryption state: "Unencrypted"
- Date of encryption activation: undefined

LOCAL PLANT INFORMATION

6 MHz EIA channel # on local plant: _____ Channel Frequency: _____ (MHz) i.e. 45
 Number of MUSIC CHOICE channels offered to subscribers: _____ i.e. 45
 Subscriber channel #'s on system for MUSIC CHOICE: _____ i.e. 501-546
 QAM Type: _____ i.e. 64, 256
 Satellite Receiver Model Number: _____ i.e. IRT 2000, DSR 4400MD, MP9
 Type of Settop Box/ Model Number: _____ i.e. Mot. DCT2000, SA Explorer 2
 Electronic Program Guide: _____ i.e. TV Guide, Pioneer, TV Gateway
 Multiplexer/Groomer Manufacturer (if used): _____ i.e. Terayon CherryPicker
 Control: _____ i.e. HITS, Local

SATELLITE RECEIVER INFORMATION

TSODA Unit Addresses: (must be clearly legible)

16 decimal digits shown on unit as xxx-xxxxx-xxxxx-xxx

Satellite Decryption Unit Addresses:

Cable Encryption Unit Addresses:

1.)* _____	7.) _____
2.) _____	8.) _____
3.) _____	9.) _____
4.) _____	10.) _____
5.) _____	11.) _____
6.) _____	12.) _____

* also known as "the base address" or "in the care of address"

Satellite Receivers not in our authorization list may lose service at any time. Please ensure eligibility.

MUSIC CHOICE STATUS

Date to test equipment:

Approval (signed by MUSIC CHOICE before authorization):

When you are ready to be authorized to test and/or launch service, please complete and fax this page to your regional office contact: (215) 784-5833 – Attention: Kathy Costello

Music Choice is the provider of your music service. Please refer to the following for technical/hardware related inquiries:

All technical/engineering inquiries should be directed to Motorola's (previously General Instrument's) Technical Response Center (TRC) by calling (888) 436-4678, 24 hours a day.

All Hardware and system sales inquires should be directed to your system's Motorola Sales Representative or by calling:

Motorola
(215) 674-4800 (worldwide)
(800) 523-6678 (toll-free in US)
(215) 956-6497 (fax worldwide)

DIGITAL COMPRESSION DELIVERY

MUSIC CHOICE[®] Delivery

Dolby Digital AC-3 audio compression Satellite G-14. T-10, frequency 1255MHz

MUSIC CHOICE[®] Bandwidth

13.5 megabits for 45 channels of music, SongID and enhanced on-screen data. Fills half of one 6MHz digital cable channel.

Receiving MUSIC CHOICE[®]

One IRT (Integrated Receiver Transcoder) will transmit the full complement of MUSIC CHOICE's digital service offering of 45 channels.

Box Management Options

System Controlled. MUSIC CHOICE service configuration is controlled by your local system controller such as Motorola's ACC-4000D.

HITS or TVN: MUSIC CHOICE service configuration is covered by the monthly box management fee.

Multiplexing

MUSIC CHOICE formats are all fixed rate. There is no statistical multiplexing. Therefore, MUSIC CHOICE audio can easily be repacked with your choice of video services by using an add/drop multiplexer such as Motorola's ADM1000 or Scientific Atlanta's "BIG."
